COMPACT RANGE

COMPACT COOL

iCool Compact Cool... Great Performance, Excellent Value.
This is the all-new 2019 version of the world's most popular ice bath cooling system. The perfect choice for most recovery and pre-cooling applications. It looks great, heaps of cooling power, quiet operation, excellent reliability, easy mobility, completely automatic operation and all at a surprisingly low cost for all this technology.

- Ideally suited to small baths up to 500 litres
- Use with iCool iSprint, iTeam and IcePod Compact baths
- Included: Large Colour Touch Screen ,Hose set, water pump and power cord.

COMPACT RANGE

COMPACT DT

Chilling or Heating in One system Both Cooling and Heating in one Unit. The world's first system specifically for contrast therapy. The iCool Compact "Dual Temp" can automatically either cool or heat to all the temperatures required for hot and cold contrast therapy.

- Ideally suited to small baths up to 500 litres
- Use with iCool iSprint, iTeam and IcePod Compact baths
- Included: Large Colour Touch Screen ,Hose set, water pump and power cord.
